The fall 2009 campaign goal was set at \$250,000. This is an aggressive goal but the United Way Board is confident that the caring individuals and businesses in our community will support our cause again this year.

The Callaway County United Way offers donors the opportunity to unite under one umbrella to affect change and improve lives.

The United Way agencies provide over 200 programs and services that touch over 10,000 Callaway County residents each year—from the youngest child to the most senior adult—we all know someone that has benefited in some way.
