Serve, Inc. is starting its 40th year of services to residents of Callaway County. Local donations have allowed us to assist individuals who, over the years, have needed help. As program directors for SERVE, Inc., we strive to be good stewards of your donations by providing quality support and services to those who need help during a crisis.

SERVE, Inc. is not a government agency or entitlement program. Under the leadership of a twelve member board of directors, our programs are designed to address the current needs of Callaway County residents.

SERVE's funding is as diverse as its programming. We receive federal and state funding, grant dollars awarded by private foundations, United Way funds, and local donations.

As SERVE staff, our mission is to serve others by supporting Callaway County residents with emergency assistance, food distribution, adult education/tutoring, transportation, and volunteer opportunities.
